Eco Magnetic Box

Available in Brown + White

MOQ: 10

NEW

The Eco Magnetic Box from USB2U is a new addition to our range of more environmentally friendly packaging options. As an alternative to the traditional Magnetic Box, the Eco Magnetic Box is produced from biodegradable corn starch and has a transparent window so that the Eco USB Stick branded with the company logo is proudly displayed, nestled on a bed of wood wool. The Eco Magnetic Box is a simple addition to any order of Eco USB sticks for a brand who are wanting to be more environmentally conscious.

ECO USB RANGE

We are proud to offer a selection of USB sticks made from **sustainable or recyclable materials**. The Eco USB range has been carefully put together to focus on moving away from plastic as the main material used, to cornstarch, bamboo, cork and cardboard which all have much better **eco** credentials.

What size power bank do i need?

Power banks prove to be the lifeline for a lot of us who are often on the go. But have you thought much about what **capacity** you actually need your branded power bank to be?

Power Bank Capacity

Device Charge (average)

💡 Choose a suitable Power Bank model for your device based on the level of battery capacity it has to offer with our easy to use colour coordinated guide:

Smartphone Battery Capacity
(average) 3-5,000mAh

Tablet Battery Capacity
(average) 7-8,000mAh

- | | |
